ENTRY FORM

Powered Access Woman of the Year

This new award category for 2027 is open to women who are making an important contribution to the powered access industry. The judges will be looking for entries that show how an individual has championed women specifically or had a significant impact on the industry more widely.

This could be as a leader or employee of a related business where they have driven initiatives or innovation for the industry and/or for women.

They could also be a member or employee of an industry organisation, such as an association, where they have driven safety or training initiatives, for example, across the industry, and/or grown awareness for women.

They may be a role model who has inspired or supported people in the industry, including women, or they may have individually introduced a concrete change within the sector.

Judges will accept entries from those who wish to enter themselves or nominate an individual in the industry.

When compiling your entry, remember that the judges will be reviewing more than 100 submissions. Try to make your presentation as clear as possible, emphasising the most important elements of your entry.

(Entries should be no more than 1,500 words)

E-mail your completed entry to Euan Youdale, **euan.youdale@khl.com**

ENTRY DEADLINE: Friday 29 January 2027
